

Down With Monitors!!

Please read this entire letter. Then make an informed decision.

I was working on my mailing today and was getting very annoyed. Being no dummy, I know that the work I do profits the monitors and companies far more than it will ever profit my family or me.

We have worked hard, always making someone else RICH!!! I'll bet you're as tired as I am, right? I am honest, but you can't say that about most monitors. They know and use sneaky little tricks, so we rarely make any money, and are left trying to figure out why, because we don't think like a crook does. I ask you... Where's their honesty? Their integrity? But through it all, they get the majority of the money. **Down With Monitors!!** Is a brand new program that doesn't have a monitor. Entry fees total Only \$18.00, which leaves you No Excuse for not joining, and no monitors to blame if you fail. You CAN do this!

**If you choose to cheat or steal,
Then I hope you get absolutely nothing!**

**Mail More = More Signups
More Signups = More \$\$\$\$**

**Everyone gets 4
Pays \$12,288**

**Everyone gets 5
Pays \$46,875**

**Everyone gets 10
We're all Millionaires
3 times over**

How To Get Started

Mail \$3.00 (cash) to each person on the list below. Place each in a folded copy of this sheet. Next get your flyer ready. Type your name/add/ph# in the next available slot. If all 6 slots are full, remove the top name, and move everyone up one slot and type your name at the bottom.

Mail as many copies as possible. Test several mailing lists with this offer. Don't mail to an entire list order, without sampling it first. When you find a good list to use, go with it! Keep mailing until you have MORE THAN ENOUGH signups. Not everyone will be active in the program. Find as many ACTIVE mailers as possible, before you relax. A good suggested number is 20+. This program is very popular, you'll soon see how easy it is to get 20+ new members, but you'll never know if you don't get started. You're at the beginning, so GET MOVING!

Remember: More people join cheap programs, than the expensive ones, so it's a cinch to make LOTS of money, a little at a time. Kind of like the McDonalds restaurant chain.

Be sure to add your Phone Number, so we can check on each other, to keep OUR program honest. When we are all in communication with each other, we can't lose, and no one will dare cheat.

Note: You're in the mail order business, as soon as you start mailing flyers. Hope YOU decide to Join Us!

Winners \$\$\$\$\$\$\$\$... We will Prosper. To Our Success, Tom
